

# Eyelash Extension Glue – User Manual

Product Name: **NAGARAKU Eyelash Extension Glue**

Intended Use: For attaching individual eyelash extensions to natural lashes.

## Instructions for Use

Shake the bottle well before each use (20 – 30 seconds).

Dispense a small drop onto a glue plate, jade stone, or glue ring.

Use tweezers to dip the lash extensions base into the glue.

Apply the lash extensions 1 – 2 mm away from the eyelid, attaching it securely to the natural lash.

Refresh lash glue every 15 – 20 minutes for best bonding effect.

After application, advise the client to avoid water, steam, or oil-based products for 24 hours.

## **Safety Warnings**

Skin Test Required: Perform a sensitivity test at least 24 hours before full application.

Not a Toy: Keep out of reach of children.

Eye Protection: Ensure eyes remain closed throughout the entire procedure.

Ventilation: Use in a well-ventilated area.

Not for Self-Application: Recommended for trained lash artists only.

Medical Attention: In case of direct contact with eyes, rinse immediately with clean water and seek medical help.

Storage

Store upright in a cool, dry place (18 – 23° C).

Keep away from heat, fire, and direct sunlight.

Reseal the cap tightly after each use to prevent drying.

## **Shelf Life**

Unopened: 6-12 months from production date.

After opening: Use within 2 months for best performance.
